TO:

Since the date of submission (21 May 1963) of our "Recommended Spares" list to support the Dynamic Resolution Testers in Boston and at A/P, we have completed the preparation of our cost proposal.

We have not received any changes to the proposed list from any organizations outside our company. However, we have instituted a few minor changes as a result of superseding part numbers. A copy of this revised list not including prices will be forwarded to the appropriate organizations.

25X1A

Therefore, since thirty (30) days from the date of our original submission have elapsed and in accordance with the provisions of the Work Statement, enclosed are two (2) copies 25X1A of our cost proposal for these spares indicating a total estimated cost of incentive fee of for a total cost-plus-incentive-fee value of 25X1A

25X1A

We would hope to be able to negotiate this proposal together with the other TD's and the Five (5) unit cost proposals.
